

SANJAY RAMCHANDRAN

**NISHU JAUHARI**

The go-to woman for out-of-the-ordinary garden furniture, Nishu Jauhari owns Bangalore's popular outdoor furniture store Essentially Metal. An interior designer by profession, Jauhari switched to making furniture about a decade ago. Her garden benches, chairs, tables, trolleys and planters come in the quirkiest of shapes and shades. Like the Butterfly Chair in wrought iron with a back shaped like, what else, butterfly wings. The floral cotton upholstery on the seat adds the right outdoorsy touch.
